

**HM KING
HAMAD**

meets US
President, lauds
strategic
partnership

HM the King hailed long standing Bahrain-US relations, which yielded solid cooperation and joint coordination in support of regional and global security and stability, describing the Kingdom of Bahrain and the United States as strategic partners for regional and global peace and security.

HM the King commended the US president's participation in the Jeddah Security and Development Summit, in continuation of the US pivotal role in strengthening GCC-American cooperation and confronting issues and challenges.

HM KING HAMAD, HRH THE CROWN PRINCE

thanked by HM the King of the Kingdom of
Belgium in response to HM's and HRH's
congratulatory cable on Belgium's National Day

On the 21st anniversary of
the establishment of the
Supreme Council for
Women (SCW)

The Secretariat-General of the Supreme Council for Women (SCW) has launched a special Instagram account for the Bahraini Women's Monument project "Athar" (Impact), which is currently under construction, ahead of the official inauguration of the Memorial by the end of this year.

The move, which coincides with the 21st anniversary of the establishment of the SCW on August 22, is part of the ongoing preparations for the celebrations of the Bahraini Women's Day on December 1. The SCW will later launch a special website for the Bahraini Women's Monument.

BAHRAIN

participated in 10th Review Conference of
Parties to the Treaty on the Non-
Proliferation of Nuclear Weapons

The Kingdom of Bahrain participated in Tenth Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, held at the United Nations Headquarters in New York this month.

The Chargé d'Affairs to the Permanent Mission of the Kingdom of Bahrain to the United Nations in New York, Hatem Abdulhameed Hatem, delivered a speech in which he emphasised the importance that the Kingdom attaches to the Treaty on the Non-Proliferation of Nuclear Weapons, the prevention of the spread of nuclear weapons, and promoting cooperation in the uses of nuclear energy.

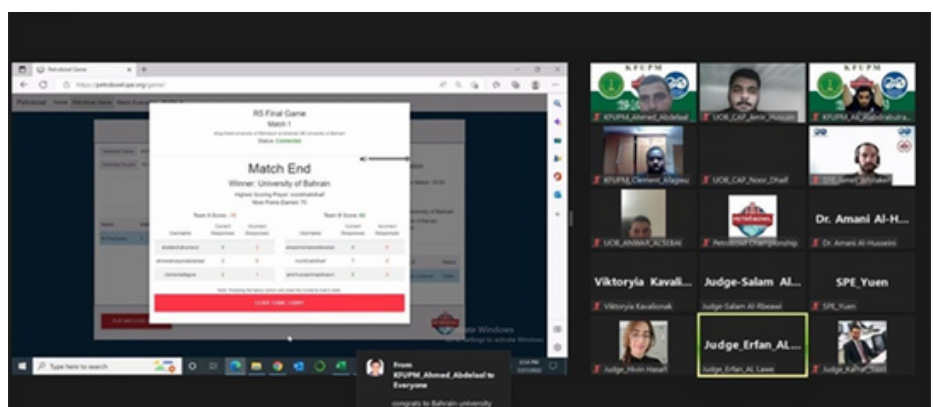

The Chargé d'Affairs affirmed the Kingdom's support for the inalienable right of states to benefit from the multiple fields of nuclear energy applications, especially those related to health, educational and environmental aspects, and the provision of clean energy,

SPE-UoB team wins
PetroBowl regional qualifiers

(UoB) President, Dr. Jawaher Shaheen Al-Mudhahki, has extended congratulations to the team of the Society of Petroleum Engineers-University of Bahrain Students Chapter (SPE-UoB) following their success in winning the first place in the regional qualification of the PetroBowl Competition.

The PetroBowl® competition pitches SPE student chapter teams against each other in a series of quick-fire rounds, answering technical and nontechnical industry-related questions. The contest has grown in size and popularity since its debut in 2002, and in 2015 was taken global with the introduction of six regional qualifier contests.

Regional qualifier competitions take place in the Africa, Asia Pacific, Europe, South America and Caribbean, Middle East, and North America SPE regions, and the top 32 teams are invited to the PetroBowl® Championship.

NATIONAL SPACE SCIENCE AGENCY, EUROPEAN SPACE AGENCY

discussed cooperation

NSSA Chief Executive Officer Dr. Mohammed Al-Aseeri chaired the Bahraini side in the meeting, which highlighted NSSA activities and projects as well as ESA spatial programme.

The meeting also focused on the "Galileo" navigation system project, the "Copernicus" project for Earth observation and the "Ignos" data correction system project,

in addition to a number of future and research projects

Dr. Aseeri stressed NSSA's keenness on strengthening relations with the European Space Agency and with various space agencies to achieve mutual benefit that serves everyone.

SHORT NEWS

CULTURE

Bahrain National Museum

One of the first museums in the Gulf, the Bahrain National Museum opened in 1988.

The exhibition halls showcase artifacts uncovered in the numerous archaeological sites in Bahrain and underpinning the longstanding history of the island. The rich collection covers 6000 years of Bahrain's history. In addition to the archaeological exhibits, two halls are dedicated to local customs and traditions, featuring clothing, housing, rituals and traditional crafts.
